

☹️ Happy Holidays To You! Cover Reveal & Spoilers for 2023 ☹️ 12.15.22

Dear Reader,

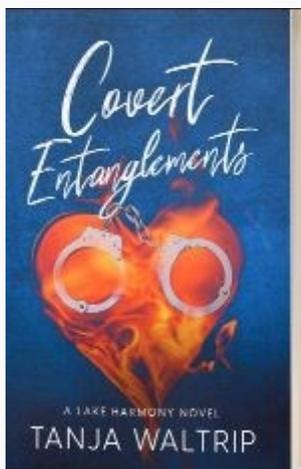

As the winter festivities begin and we start our traditions I want to wish each of you a happy holiday season and time with those that bring you joy. Many of us will also be remembering our loved ones that are no longer here with us in person but will forever be in our hearts. This time of year brings smiles, and also tears, but let's put a positive vibe in the coming weeks!

Not only do I have the holidays but a birthday that is within grasp-another year older eek! I am fortunate enough to have my beautiful daughter Emily and her significant other Spencer coming to my home to celebrate this year along with some family and friends. I am looking forward to a big family dinner with delicious food and drinks, some silly games that involved winning cash, and time to be together.

If you still need a holiday gift, think about gifting the first book in the series **Five Dates**. It introduces you to my little town of Lake Harmony and the sweet and comical group of friends and their shenanigans.

Happy Holidays! Enjoy the time with your family and friends and I will be in touch next year ☺️ with a couple more new book releases!

Happy Reading~
Tanja

Book 1: Five Dates~

Five Dates takes you on a journey with Julia: the best mom, daughter, wife, sister, and friend there could be. Although being the one everyone turns to for all their own needs Julia seems to have lost her self-worth. At 44 years old is she where she expected to be? Her husband reached his goals (with her help), but what about her dreams and goals? Where did they fall away and become unimportant?

Asked to reflect on her life and put herself first for once, her family and friends decide to help and put some fire under her husband to help create new sparks. Her closest friends and family plan her dating adventures with her husband so read along for the laughter, passion, and Julia finding her dream that was lost.

Book 2: Sexy Secrets~

Bree does not trust others easily, especially since her father walked out of her life when she was just a little girl. She spends her time teaching kindergarten or lost in a steamy romance novel, reading about love, lust, and desire. Allowing herself to fall for Noah gives her just enough inspiration and courage to write her romance novel and fulfill a dream.

Once news of her book leaks to the school district, she finds her character is under attack and begins to build protective walls back up around herself—could she lose the man she's fallen for and the career she's spent her entire adult life working towards?

Book 3: Covert Entanglements~

He is going to pull out all the stops to ensure a friend finds happiness and balance after having her heart ripped out and humiliated for the world to see.
